

# Customer Comments

It's important that we receive feedback from all our customers. It's how we better serve you in the future as well as serve others. We ask all our customers to take a few minutes and give us some feedback as to their experience, good and concerning, with our staff and their experience with the organization as a whole. Below is a brief survey on our service, we would appreciate your time to prepare this and let us know how we did.

Please tell us about anything that particularly impressed you, or anything that you would suggest that we improve?

Mike & Jerry were very courteous and worked well during the day of installation. They seemed to work well together - assisting each other when needed.

They were able to answer questions and explained any items that needed to be altered or added.

It took until @ 7:00 pm to finish the installation because of a defective part, but they kept at it until all was completed. I would (and will) recommend your company to my neighbors.
